

## The Lamoille News.

L. HALSEY LEWIS,  
Editor and Proprietor.

TERMS, \$1.00 PER ANNUM.

Entered at the Hyde Park, Vermont, Post-Office, as  
second-class matter.

HYDE PARK, VT., DEC. 15, 1880.

## HOUSEHOLD!

We will send the **ST. ALBANS MESSENGER** (weekly) and the **LA MOILLE NEWS** to any address one year for **\$2.40**. As this is a very low rate, cash must accompany each order.

## HOUSEHOLD!

We have arranged with the publisher of that excellent monthly journal, **THE HOUSEHOLD**, so that we can club it with the **NEWS**. Both papers will be sent to any address one year for **\$1.75**, cash in advance.

### The Grand Jury.

The rapidity with which our Grand Jurors discharged their duties at their last session does not indicate sloth or tardiness on their part, and the very short time within which they then closed their official business is certainly worthy of notice, as it made a great saving to the State of Vermont. We don't say that we think the oath of a Grand Juror requires ought but haste in the exercise of his duties, nor that he should be so careful of his business reputation and the interest of the State as to treat with careless indifference laws that have cost many thousands of dollars to enact. Nor do we say that a Grand Juror to whom community and the unfortunate have a right to look for special protection and relief, should not act well his part to sustain the laws for the reason that some other judicial tribunal or prosecuting attorney is liable to disregard their oaths and duties. But we do insist that Grand Jurymen are quite often too careless about the disposition of their time during their official sessions; and to show the contrast between the expense of Grand Jurors, this and the five last preceding years, we call attention to the following figures:

In 1875 the number of days attendance of the Grand Jury was 15; in 1876, 10; in 1877, 12; in 1878, 19; in 1879, 12; and in 1880, 4 days; the most of which service was worse than lost, and the termination of most of the State prosecutions, if not by some mysterious process lost sight of entirely, tended to encourage wrong doers, and the guilty to continue their wicked practices. Therefore Grand Jurors should be very careful, after making diligent inquiries, to not go much further than to present things truly as they come to their knowledge, to the best of their understanding, according to the laws of this State.

**THE NEXT CONGRESS.**—Hon. Edward McPherson says: "The Republicans are perfectly sure of controlling the organization of the new house. We have 149 straight Republicans elected and conceded to be elected. That is a majority of one over all; but we have besides, Brumm of the Schuylkill district in Pennsylvania, who was elected by Republican votes and who will act with us, and Smith, of Brooklyn, a thorough going Republican on national questions, who was elected by a combination of independent Democrats. We count confidently on him. Then there are seven Greenbackers. Four of them are from Missouri, and are as good Republicans as anybody. I think the Republican nominee for speaker will have 153 votes, with 140 in opposition; so you see we have a good safe working majority."

We understand that the judges of the supreme court, in answer to the questions proposed to them by the governor relative to the validity of the election of Mr. Taft to the bench, have given as their opinion, that his commission can legally be issued, and that he will hold the office from the date of that commission until Dec. 1, 1882.

The Patent Office did a large and profitable business during the last fiscal year. More than 20,000 applications were received, more than 12,000 patents granted, and there was a net revenue to the Government, over all expenses, of nearly \$200,000. So the apple-parer that won't peel, and the abortive flytrap, and the perpetual motion machine that is perpetual in everything but motion, and all the thousand other short-lived products of Yankee inventive genius that appear every year in Washington have their uses. They do no harm to the useful inventions, and they help Uncle Sam a very little with his annual bills.

It is stated at Washington that the superintendent of the census has the entire enumeration for the whole country ready for congress, excepting one district of Iowa, which has not been heard from.

**VERMONT STATE GRANGE.**—The ninth annual meeting of the state grange was held at Brattleboro on Wednesday and Thursday last week with about 200 members from various parts of the state. Worthy Master Franklin presented his annual address, which was followed by that of the lecturer. After appointing the usual committees and hearing the reports of the secretary and treasurer, the order re-elected Col. Franklin of Newfane, master; C. C. Whitney of East Bethel, overseer; C. T. Josselyn, of North Bridge-water, lecturer; E. E. Andrews, steward; W. L. Park, assistant steward; C. J. Bell, treasurer; J. K. Tobey, secretary; H. A. Adams, gate-keeper; Sister A. B. Franklin, cress; Sister C. Z. Josselyn, pomona; Sister C. C. Whitney, flora. J. B. Taft extended an invitation from the superintendent of the insane asylum to members of the order, to visit that institution, which was accepted. It was also voted to invite J. J. Woodman of Michigan, master of the national grange, to visit the Vermont grange sometime this season. Brother Gold presented the claims of the Patrons' aid society upon the order. Reports from Pomona granges were then called for, and were given as follows: Brother Brewster for Quebec valley, G. W. Whitney for Chittenden county, E. E. Andrews for central Vermont, S. W. Houghton for Windham county, A. D. L. Herick for Allen district, and C. C. Whitney for White River Valley. The Husbandman fire insurance company was reported in a prosperous condition, as well as the Allen district fire relief association. The session concluded with reports from other committees and a general discussion on the work of the order. The grange conferred the fifth degree on Wednesday evening.

### Legislative Notes.

A bill practically abolishing the grand jury system and placing the work on the State's Attorneys, has been passed by both houses of the Legislature. The Judiciary committee of the House will report a bill authorizing the governor to detail not less than three companies of the state militia to attend the Yorktown centennial next October, and appropriating \$3000 for expenses. The validity of ex-Gov. Taft's election to the supreme court is questioned, and the governor has sent series of questions to each member of the court bearing upon the matter, and will not issue the commission until he learns their answer. The House has rejected all proposals looking to the reduction of the pay of legislators.

The joint committee on affairs pertaining to the insane have unanimously recommended building a state asylum and the withdrawal of the state patronage from the Brattleboro asylum. The bill protecting the people from being imposed upon by quack dentists will be recommended adversely.

The Senate has unanimously passed the proposed constitutional amendment providing for filling vacancies in the Senate and House.

To reduce the number of representatives to 150 is an amendment to the constitution proposed by the senate to the house of representatives.

To both houses 624 bills have been introduced, which exceeds the great number of 1872, when it was 615. It was 550 in 1876.

Senator Danton's nuisance bill, soon to become a law, is probably the most skillful framed piece of legislation against the liquor traffic ever brought before any law-making body, and it reflects great credit upon its author. No more efficient aid to the temperance cause was ever devised.—*Journal.*

The senate has abolished the offices of superintendents of agriculture and education and that of railroad commissioner. The revision of the laws made its report to the legislature Friday. Mr. Clarence H. Pitkin of Montpelier was recommended to be the commissioner to make the marginal annotations of the decisions of the supreme court in the new edition of the laws; and Mr. Ashton R. Willard of Montpelier was recommended to be the commissioner to edit and superintend the publication of the laws.

Mr. Judville's bill to provide for valued policies in fire insurance will be reported adversely by the committee. This bill has created a great deal of interest in insurance circles.

The final hearing and arguments in Hayden's case were had in Representatives Hall Friday evening. Hon. Heman S. Boyce, of St. Albans, made the closing argument in behalf of the state, and Hon. Henry Ballard closed for the criminal.

There was quite a struggle over the question of final adjournment in the house, some insisting that the legislature must adjourn next week Friday whether business was concluded or not, but the majority decided to finish business if it took all winter.

The committee on redistricting the state has decided to report the following division to be the new districts, in case congress should make a new appointment and Vermont should lose a representative. The first district contains the following counties: Addison, Bennington, Chittenden, Franklin, Grand Isle, Lamoille and Rutland, with a population of about 198,000; the second district, Caledonia, Essex, Orleans, Orange, Washington, Windham and Windsor, with a population of about 164,300.

The governor has signed ninety-three bills. The house has killed one hundred and twenty-seven bills and the senate thirty-nine, making one hundred and sixty-six in all.

The recent meeting at Montpelier of the county Clerks to canvass the Electoral vote, cost the State about \$1,000. Of this sum \$619.21 were for the fees, attendance, etc., of the County Clerks; the balance goes to officers that carry returns from towns to the country seat. The meetings of the Electoral College cost the State \$184.20. The messenger that carries the vote to Washington receives from "Uncle Sam" \$2.54 per mile, one way, which amounts to nearly \$200 for our messenger.

Carrollton, Ga., claims an increase of 150 per cent in business as the result of five years prohibition of liquor selling. The \$200,000 annual trade of the town before prohibition has grown to \$500,000, and purely on business principles the merchants are said to be almost unanimously opposed to liquor selling.

### STATE ITEMS.

—All the justices in North Troy refuse to qualify, and the town is without any.

—Truman Dix of Whittenton, was killed the other day by falling from a lumber wagon and his wheels passing over him.

—At Woodstock, W. S. Foster's beautiful chestnut mare became frightened in the woods and ran into a fallen tree and had to be killed on the spot.

—Hugh P. Howe, of Woodstock, voted for 18 presidents. He is in his 90th year.

—"Northern Pacific" boys, sent the carcass of a fine fat deer to Mr. Billings. The old proverb again illustrated, about turkeys coming home, &c.

—Martin Pratt, of Felchville, skinned a steer, and took cold, and died of pneumonia.

—Wilkin Bros., of South Reading, have made over 700 barrels of cider.

—T. H. Safford, formerly of Roy-alton, died Nov. 7th, in Mass. He was father of Henry Safford, the noted astronomer, now professor in Williams college.

—A recently deceased Burlington citizen left \$300,000 in government bonds.

—Lyndon is wide awake over a temperance raid under the auspices of the Good Templars Lodge.

—The working hours in the shops of the Central Vermont have not been cut down this winter, the first time for several years.

—Barre will be raised to a presidential post-office January 1st, with a salary of \$1000.

—Lucius B. Learnerd, died, at Milton, of heart-disease.

—Mrs. Crook, of Brandon, makes 11 1/4 lbs. of butter per week from a grade Durham.

—The hens at Alburgh seem to be starting up in business, 420,000 eggs having been shipped from that station in one day last month.

—Bro. Basford's son lost a finger in a corn cutter.

—Mrs. Amanda Bradley, of Essex, died recently, age 90 years.

—Judge I. C. Winch, of Houston, Texas, (formerly of Northfield,) died Dec. 7th.

—Chelsea is afflicted with mumps, measles and diphtheria.

—Craftsbury people pay 32 cents a bushel for potatoes \$8 for hay and 32 cents for oats.

—The 12th, winter meeting of the Vt. Dairyman's Association will be held at the Weldon House, St. Albans, Jan. 19th, 20th, and 21st. The usual railroad and hotel courtesies will be extended.

—Sheriff S. N. Stinson of Windsor county, who has just retired from office after 12 years' service, has hung seven persons, with no bungling.

—Five people want one office at Vergennes. It is the post-office.

—At McAdams Falls 85 men saw 10,000 feet of lumber daily.

—Mrs. Delight Rogers, of Athens, 77 years of age, wove forty yards of fine flannel in a hand loom, weaving but a little short of three yards a day.

—Maurice Bowen has been pardoned by Gov. Farnham.

—D. M. Dugan, principal of the academy at Morrisville, lives at Peterboro, N. H. Harvey Rich, principal at Peterboro, lives at Morrisville.—*Each got the other his home.*—*St. Albans Messenger.*

—Henry Witham, who murdered Edson Fuller at Readsboro, on Thanksgiving night, has been arrested and committed for trial. The prisoner has been long looked upon as a hard character.

—Hon. James D. Bell, of Walden, died instantly Monday morning, Dec. 6th. He attended church Sunday, and appeared as well as usual up to the moment of his death.

—The First National Bank of this place will refuse Canada paper money after January 1st, except at a discount of five per cent. Canada money and trade dollars are a great nuisance, because in some places they are current and in others not, and the sooner the question is settled of what is current and what not current, the better for all business.—*Caledonian.*

—An item is going the rounds of the State press to the effect that a pure black marble has been discovered near Brandon and quarry will be opened in the spring. The marble is of the finest hitherto discovered in Vermont, and as pure as the far famed statuary marble of the Rutland marble.

—Three cars of the Montreal express north on the Bennington and Rutland railroad were thrown from the track by a broken rail at South Wallingford Monday afternoon, and several passengers were injured. Mrs. A. P. Childs was severely cut on the face, and her youngest child, four years old, is thought to be internally injured, but at last accounts was improving. The oldest child, Ethel, escaped injury.

### Political.

The people of Iowa adopted at the late election by a majority of 38,294 a proposed amendment to the constitution of their State, making colored men eligible to the Legislature.

The Anti-Masonic candidate for president received in all about 350 votes, lacking—as the Chicago Tribune puts it—only 9,193,000 of a popular majority.

Hon. Luke P. Poland has been mentioned by the Cabinet makers at Washington as prominent among the names talked of for Garfield's attorney general.

The Democrats in both Houses of Congress are very anxious to avoid an extra session, and consequently will make no further opposition to an appropriation to pay the marshals.

### NOTES.

Senator Morrill, although in his 71st year, is said to look as young and fresh as a man of 50.

Gen. Butler says he is willing to go to Dublin and defend Parnell if the hearing can be postponed until he can go.

Senator Blaine has prepared a bill to reduce letter postage from three to two cents. He will introduce it in the Senate in a day or two.

The cat-tails that grow so plentifully in our swamps have suddenly become a valuable article for interior ornamentation in conjunction with grasses and plants. One Boston firm has sold \$3,000 worth.

Nothing is more easily earned than money. But unless money comes over the broad macadamized road of the Ten Commandments nothing so certainly impoverishes a man.—*N. Y. Herald.*

An old gentleman, the first time he ate an oyster stew, was asked how he liked it. "Well," he answered, "I like the soup well enough, but I wished they'd left out the Polliwogs."

Robert T. Lincoln, son of the martyred President, received more votes than any other candidate for Presidential elector in Illinois.

Bernhardt, was born in Paris 1844 and her mother was a Jewess. She has been a successful dramatist from her first appearance.

The wheat crop of the year is estimated at 480,000,000 bushels, against 449,000,000 bushels in 1879.

What phase of human nature was it that caused Mrs. Menker, the murderer, to have upmost in her thoughts, a picture of her face to leave when she is gone. It would seem more rational had she desired to take herself out of the memory of all she leaves behind.

According to Parisian reports, there is likely to be another change in the manner of dressing the hair. Ladies are already tired of wearing flat and crimped bandeaus and small, flat chignons. At dinner the hair may already be seen dressed in the back with larger chignons and not as flat on the top of the head as it has been worn.

**THE ILLUSTRATED CHRISTIAN WEEKLY.**—We are quite certain that the reader of this, if he does not already take it, will find a rich treasure in *The Illustrated Christian Weekly*, published by the American Tract Society. It is intended to counteract the influence of the sensational and corrupting pictorial which are so fatal among the youth of even good families.

It is superbly illustrated with the finest wood engravings, enriched by choice contributions from many of the best writers of the day, contains first-class stories for the youth, well-considered editorials for the thoughtful, able lessons on the International Sunday School Lessons for teachers and scholars, and a trustworthy outlook on the news of the day.

Do you want all this and much more? Then let *The Illustrated Christian Weekly* find an entrance into your home, and your heart will be warmed and gladdened by its very presence. Giving as it does twelve pages weekly, with about four hundred cuts yearly, elegantly printed on fine paper, and at the low price of \$2.50 per year, postpaid, we do not think that for quality or price it can be excelled. Sample copies sent free on application.

### St. Nicholas for 1881.

5000 For England, 100,000 For America.

*St. Nicholas*, the charming magazine for boys and girls, edited by Mrs. Mary Mapes Dodge, has increased so much in size and number of pages during the year past that the publishers have been obliged to issue the yearly volume in two parts, instead of one as heretofore. As to its circulation, they report a gain of 10,000 in the average monthly editions of 1880 over 1879. The announcements for the coming year include a capital serial story for boys, full of exciting adventure, "In Nature's Wonderland," or, "Adventures in the American Tropics; Stories of Art and Artists, by Mrs. Clara Erskine Clement, a faithful outline of the history of European Art, with many illustrations; "Phantom Rogers," a delightful and humorous serial by Rossiter Johnson; "Mystery in a Mansion," a six months' serial; "The Treasure-Box of Literature, directing and encouraging young people in the best reading; The Agassiz Association, fully explained in the November number; "Two English Queens," by Mrs. Oliphant; "The Land of the Living," a children's opera, with music, full of charming tableaux and effects; A series of beautifully illustrated Ballads for Young Folks, beginning with the Christmas number; A Special Budget of Fairy Stories by Frank R. Stockton—the first of which is in the November number; An Indian Story by "Bright Eyes," the Ponce Indian maiden; a splendid holiday story, "A Christmas with the Man in the Moon," by Washington Gladden. Open-air plays, stories of sports, and games, will be continued, with all the popular department.

Subscriptions beginning with the November issue will include "the wonderful Christmas number," of which the edition will be 6,000 in England and 10,000 in America. The price of this number, to be issued about November 30th, will be 30 cents.

Regular price \$3.00 a year; 25 cents a number. For sale, and subscriptions received, by all dealers, or the publishers, Scribner & Co. 743 Broadway, N. Y.

J. N. Bick, of Toledo, Ohio, says: "My father, before wearing the 'Only Lung Pad,' could not sleep nights on account of his violent coughing; since wearing it he has slept soundly every night."—*See Ad.*

It is a fact well established by unquestionable testimony, that Hall's Hair Renewer restores, cleanses, brightens, invigorates and restores to its original color and luster faded, gray or discolored hair, cheaply, quickly and surely. The poorest people prefer to buy it and use it, rather than to proclaim in a manner more forcibly than words can delineate, through the count of his face, that he is old and aged and passing to decay. A very short trial will convince the most skeptical that it does eradicate the scalp diseases which rob the hair of its color and life.—*Port Scott (Kan.) Daily Monitor.*

**A CAPITAL SUBSTITUTE.**—Once a man searched through what is now the State of Florida to find a fountain he had heard of there, which was able to make an old person young again. He failed. We can't be boys or girls again. Age and infirmity are sure to come, but God did not ordain sickness. That is our fault.—*Favorite name is Dr. David Kennedy's.*—*Favorite name is Dr. David Kennedy's.*—*Favorite name is Dr. David Kennedy's.*

"Very good." Try it for all Complaints of Women. Blood Troubles, and pains and aches everywhere. If you can't get it at the store, send One Dollar for a bottle to the Doctor at Rondout, N. Y. 2x2

The best Blood Purifier in the world is Dr. R. V. G. Dyspepsia Remedy. Guaranteed by your own Druggist.

Perfectly Safe in all Cases. For diseases of the Throat, Lungs, Croup, Whooping Cough, Colds, and Croup. Elixir is a safe, reliable, and effectual remedy.

Dr. Baxter's Mandrake Bitters act upon the Stomach, Liver and Bowels, remove all secretions, purify the Blood, and fortify the system against disease.

Horsemens. Ask your merchant for Henry & Johnson's Analgesic and Oil Liniment, and keep it always in the stable, to use in case of accident.

**What Happened to MR. JOSEPH BEACH.**

Stone in the Kidney expelled after using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public, is that of Mr. J. S. Beach, of Stone Ridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of calculus or stone in the right kidney. No less than seven physicians were consulted at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with little or no benefit.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 15th of September he voided a stone as large as could be passed through the natural channel.

Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the 'Favorite Remedy' to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorders arising from an impure state of the blood. The 'Favorite Remedy' sold by Dr. Kennedy, Rondout, N. Y. The Doctor's only address, is Rondout, New York."

**D. C. HARDY,** DETECTIVE AND ACC. TONER. All business entrusted to his care will be promptly attended to. Post-office, Morrisville, Vt.

**H. C. LANPHER,** DEPUTY SHERIFF & AUCTIONEER. Business from parties residing out of the county will receive prompt attention. Hyde Park, Vt.

**HENDEE & FISK,** ATTORNEYS AT LAW, Morrisville, Vt. GEO. W. HENDEE, H. C. FISK.
